

Appendix B: Indicators and Themes

	Transportation				Parks and Open Space				Crime		Neighborhood Quality			Youth and Families		
	MBTV HIA, Ch 3: Transportation	West Oakland Community-Based Transportation Plan	Central and East Oakland CBTP	Roadblocks to Health	Oak to 9th HIA, Ch 3: Parks and Natural Spaces	Tapping the Potential	Groundwork Oakland	The East Bay Greenway HIA	Report Card on Oakland's Liquor Stores	MBTV HIA, Ch 10: Community Violence	MBTV HIA, Ch 4: Retail	23rd Avenue Community Action Plan	Neighborhood Knowledge for Change	MBTV HIA, Ch 11: Social Cohesion and Social Exclusion	MBTV HIA, Ch 5: Schools and Child Care	
Land Use Indicators																
Diversity of land use	♦		♦			♦		♦		♦		♦	♦			
Access to goods and services	♦	♦		♦						♦		♦		♦		
Residential (housing type) diversity	♦					♦		♦		♦		♦				
Density	♦				♦						♦	♦				
Liquor store concentration									♦	♦	♦	♦				
Access to jobs		♦						♦								
Incompatible land uses					♦								♦			
Building type						♦										
Residential units built	♦															
Proximity to farmers markets											♦					
Business activity												♦				
Environmental Quality Indicators																
Air quality	♦				♦			♦					♦		♦	
Water quality	♦				♦	♦		♦								
Ambient pollution (toxicity levels)	♦	♦											♦			
Noise	♦							♦								
Greenhouse Gas contributions	♦							♦								
Heat island effect					♦	♦										
Lead poisoning/abatement													♦			
Resident toxic exposure														♦		
Toxic hazard exposure														♦		
Water Efficiency (rainwater catchment or reduced stormwater runoff)						♦										
Energy efficiency (solar panels or reduced energy need)						♦										
Food Production Potential						♦										
Crime & Safety Indicators																
Crime								♦	♦	♦	♦			♦		
Perceptions of safety		♦	♦				♦	♦	♦	♦						
Litter/Illegal dumping						♦			♦				♦			
Graffiti									♦							
Presence of prostitution												♦				
Presence of drug transactions												♦				
Loitering												♦				

Urban Design Indicators

- Streetscape enhancement/ambiance/ medians
- Parks
- Building ages
- Underutilized properties
- Courtyards
- Community Gardens
- Greenways
- Bike and walking Trails
- Waterfront
- Views
- Plazas
- Squares
- Attractive building façades
- Visual marker for business district
- Housing design
- Housing maintenance

Health Indicators

- Physical activity
- Mental health
- Obesity
- Circulatory and respiratory disease
- Chronic Disease
- Life span/Mortality
- Leisure time
- Violent injuries
- Nutritional health
- Access to nutritional food
- Hypertension
- Osteoporosis
- Suicide rates
- Recreation
- Motor vehicle accident injuries
- Hospitalization rates
- Asthma rates
- Air pollution health risks
- Increased physical Activity with access to parks & open spaces
- Improved Health with access to Parks & open spaces

Increased physical Activity with access to parks & open spaces					♦			♦							
Improved Health with access to Parks & open spaces					♦			♦							

Schools and Child Care Indicators

- Class size
- Locally accessible childcare
- Neighborhood school access
- Neighborhood school quality
- Quality early childhood education

Governance Indicators

- Civic engagement/public participation
- Government funding
- Government accountability
- Designation of political boundaries
